

## Course and Conference Subsidy

### Aim

Promotion of young researchers at the KL university hospitals. As part of the Science Skills Services, funds from the Forschungsimpulse are made available for participation in research relevant congresses, conferences, or specialist courses.

### Funding

- 50 percent of the total costs once per academic semester
- Maximum of € 500,-- for specialised courses
- Maximum of € 500,-- for conferences without personal contribution
- Maximum of € 1000,-- for conferences with active contribution (poster, abstract, ...)

### Requirements

- Agreement of the supervisor
- Technical plausibility of the measure (superiors are automatically informed)
- Application in advance in Open Campus
- The measure is relevant to research and no thematically similar course is offered as part of the Science Skills Services at KL
- Refunding will be made in retrospect after submission of the required receipts in Open Campus after entry of the activity at the [KRIS research portal](#) ([Help on KRIS](#))
- Invoices and receipts must be made out to the applicant (invoices made out to the LGA cannot be accepted, no double funding)

© M. Liebert

### Eligible for participation

Employees of the university hospitals of the KL (exception: senior physicians, chief physicians, associate professors, and university professors)

**Submission:** Ongoing in [Open Campus](#)

**Approval and allocation of funds:** Grants are allocated according to the available funds in the Research Impulses budget and are the responsibility of the Rector of the KL.
